Is the whole county to be pensioned?

It seems that the Pension bill of late is grinding out certificates faster than ever before.

MAYSVILLE has a chance to secure another manufacturing enterprise. Let us avail ourselves of the opportunity.

ONLY one of the newspapers published at Louisville is now fighting the new Constitution. The C-J. and Times are saying nothin' and sawin' wood.

ALL who are conversant with late developments in the Constitution fight will not need a diagram to understand the following from the Louisville Times: "The Owensboro Messenger is of opinion that the wayfarer who gets off the track when he sees the train coming is a fool. The Times thinks the fellow who doesn't get off is the fool. Let the result decide the difference of opinion."

It is announced that "Will L. Woodward, one of the best-known young men in Kentucky, is in jail at Bowling Green charged with forgery," and that "his mind is unbalanced." That word "unbalanced" is used too often now-a-days to cover up a depraved nature. Woodward has undoubtedly reached that point in his downward career where he doesn't care much for the rights of others.

SAYS the Louisville Post: "On Saturday it was published that Hon. John Young Brown, our next Governor, favored the new Constitution. The Farmers' Alliance issued a ukase in favor of it. The Courier-Journal withdrew from the fight, and its proteges, the Evening Times, threw up its hands and surrendered. Yet the Sunday Truth is true blue. It says: 'The new Constitution is losing ground every day.'"

Some people never do know when they are beaten.

Want Help.

The following circular has been sent out to the delegates of the late Constitutional convention, and to several of the friends of the instrument. It is dated at Louisville and marked "Personal and confidential."

"Dear Sir: The friends of the new Constitution are organizing for the purpose of circulating correct information in regard to it. Those interested in its defeat are busy in distributing criticisms upon the work of the convention.

"It is necessary to arrange for speakers in all the counties of the State, and to disseminate corrections of the many erroneous statements concerning the instrument. A few people must do this work; we have no wealthy corporations to furnish campaign funds, and, however onerous and unjust, the members of the convention and a few friends of the new Constitution will have to defray this expense.

"Some of the members have already subscribed most liberally for this purpose. We cannot do this work without means.

"The undersigned were named as a committee to raise money for the purpose herein indicated. An effort is being made not only to defeat the Constitution, but to impugn the motives of those who prepared it.

"Prompt and vigorous work is essential for success in this cause, and we ask you to transmit by return mail a check or postoffice order to E. J. McDermott, Vice Chairman, Louisville, Ky., for \$10 for the purpose named herein.

"Respectfully, Bennett H. Young, Chairman; F. P. Strauss, Zack Phelps, H. H. Smith, S. E. De Haven, L. A. Spalding, H. L. Stone, Committee."

For the Farmer.

The famous Megibben bull suit at Versailles has at last been settled. The jury gave a verdict in favor of the Megibben estate for the sum of \$9,000, without interest.

"Uncle Jack" Hook recently bought from his brother, Thomas Hook, of Scott County, a full brother to the famous Dr. Sparks. The colt was only four days old, and the price paid was \$1,000. "Uncle Jack" has great faith in the Cyclones.

Timely Advice.

Now is the time to provide yourself and family with a reliable remedy for bowel complaints. It is almost certain to be needed, and no family can afford to be without it. It costs but a trifle and may be the means of saving much suffering, if not life. There are many different remedies in use, but Chamberlain's Colic, Cholera and Diarrhoea Remedy is undoubtedly the best. Twenty-five and 50 cent bottles for sale by Power & Reynolds.

STILL INCREASING.

The Internal Revenue Business at This Place—Last Month's Receipts.

More Than Double the Figures for the Corresponding Month in 1890.

The internal revenue business at this place has shown a steady and very healthy increase the past year or so.

Of late the business has been so large that Deputy Collector Wadsworth was compelled to employ a clerk, and Mr. Clay Worick is now assisting him.

The receipts for May were the largest ever reported by the office up to that time, amounting to over \$26,000, but the month that closed yesterday is far ahead of the record for May, the business footing up nearly \$40,000, Mr. Wadsworth reports the following:

Tax paid spirit stamps.....\$37,208 70
Tax paid cigar stamps.....883 59
Tax paid tobacco stamps.....421 80

Special taxes.....\$731 25
Total.....\$39,245 25

The receipts for June, 1890, were \$18,621.28, less than half the amount for last month.

The receipts for the first six months last year were:

JANUARY.....\$10,967 36
FEBRUARY.....12,886 59
MARCH.....11,002 93
APRIL.....19,818 17
MAY.....12,431 69
JUNE.....18,621 28

Total.....\$85,827 96

For the first six months this year the receipts were as follows:

JANUARY.....\$16,234 02
FEBRUARY.....13,058 35
MARCH.....17,050 40
APRIL.....20,101 76
MAY.....25,946 37
JUNE.....19,245 25

Total.....\$132,537 25

Mr. L. B. Baird, of Oklahoma City, is here visiting friends and settling up his business matters. Mr. B. is one of the few Western boomers who were successful. His investments in Chicago have made him independent.

There will be a grand opening at the Glenn Hotel on Friday evening, July 3. Over 1,500 invitations have been sent out. It is understood that there is to be a grand fireworks display, &c. No social event of this county has ever been looked forward to with keener anticipation. Large crowds are expected from Cincinnati, Covington, Newport, Louisville, Maysville and many other places.

The friends of the new Constitution are elated at the action of the Courier-Journal in giving up the fight against it. But no friend of the same should become the least vigilant. There is organized opposition and doubtless a hostile will be freely used to prevent the adoption of the Constitution. It is a fight composed principally of capitalists on one side, and they know the potent influence that money exerts over many who are allowed the right of suffrage and they have no scruples about using it to accomplish the desired end. The friends of the new instrument ought to organize their county committees and send speakers and literature to all parts of the counties. If there is a full and fair discussion, the majority will doubtless be overwhelming in its favor.

RETSON MINING SALT COMPANY'S ROCK LUMP SALT FOR CATTLE

To FARMERS, STOCK-RAISERS and OTHERS:

It is not generally known that the use of common loose salt for cattle, horses, sheep and hogs, is injurious to them, but such, however, is the fact. Their nature requires only so much salt as will be absorbed by the saliva. By the ordinary method of salting, more or less of the loose salt is carried undissolved into the stomach, causing irritation to the membranes and coating.

In many well authenticated instances the death of sheep, and attacks of colic and other difficulties in horses and cows have been traced to this cause. It is very desirable, therefore, that some method of salting stock be employed. The most suitable form of salt for this purpose is furnished by nature in the Rock or Mineral Salt, and the best possible method of supplying it to stock is to place lumps of it in the mangers and other places where it can be easily reached when required by them. It goes four times as far as common salt, and is cheaper at any reasonable price. Any stock will do 20 per cent. better by using our Rock Salt. They do not have that terrible thirsting for water caused by using common salt, which contains large quantities of lime and magnesia, our salt being the only salt known free from these impurities.
